Modular Paths and Bare Spot Models with Transparent Edges Poser Format

Product URL <https://www.poserworld.com/3d-modular-paths-and-bare-spot-models-with-transparent-edges>

Short Description: The 3D modular path and bare spot models for Poser and DAZ Studio have transparent edges to more easily blend with other texture planes. The set contains a bare spot, a short path, long path, a 45 degree, and a 90 degree path sections. They can be scaled up to double size on the X and Z axis and still have a good quality texture.
