Mac G5 Pro Style Computer System Props

Product URL <https://www.poserworld.com/mac-g5-pro-style-computer-system-props>

Short Description: The Mac G5 computer system Poser and DAZ Studio props has a computer CPU case, display, mouse and keyboard. There are morphs for tilting the display, opening the DVD tray and moving the power cords. The computer system is already set up for our glass computer desk, and it can be used with other furniture if needed.
