Smart Electrical Cord Poser Figure Poser Format

Product URL <https://www.poserworld.com/3d-smart-electrical-cord-figure>

Short Description: A 3D "smart" electrical cord Poser figure (not a prop model) for Poser and DAZ Studio. Everything is tied to the cords "center" section. There are 14 sections that can be moved as needed. There is a morph to shorten the cord, however the shorter the cord the more sensitive are the movements for each section. The cord and metal prong colors can be changed easily to suit your needs.
